NEW PATIENT INFORMATION FORM

Name: _____ Date _____

We do not diagnose.

We make no claims to cure any conditions.

We make no claims or imply any claims.

We do not claim that any supplemental material we may suggest will cure any condition.

We do not prescribe for, or treat diseases.

I understand the above statements. I understand that diet and nutrition are considered to be an inexact science, and the results obtained are not always constant or predictable.

Medical Thermal Imaging is not a cure-all for any disease or infirmity.

I also understand that there is no guarantee of any results. Whether or not I participate in this program is my decision. I must make all decisions relative to my health.

I further understand that Joe Turcotte and Linda Turcotte ,and the staff, are not medical doctors in the so-called healing arts and are not attempting to portray themselves as, or conduct the activities of, a medical doctor.

If any representation has been made to me concerning any program or if I have any understanding about any program whose representations and/or understandings are contrary to any of the above statements, I will so indicate on the reverse side of this form.

Our work is limited to that of providing self-help education in natural health matters and the advocating of a healthy lifestyle. We ask you to affirm that you are not here seeking medical advice but rather seeking education advice, and not visiting on a mission of entrapment or as a representative of any state or local authority.

I understand that I am expected to meet on my scheduled appointment times. If, for any reason, I can not, I will reschedule at least 24 hours in advance. If I fail to reschedule at least 24 hours in advance my account will be charged for that visit.
